

BARRE A. C. LOST TO JUNCTION

In the Third Game of This Week's Series

PITCHER LEE WAS HIT HARD

Scampini Replaced Him and Was Some Better—Daly Pitched a Consistent Game for Visitors—Score Was 7 to 3.

Frequent raps at both Leo and Scampini yesterday afternoon at Rangers field caused the Barre Athletics to stumble before the aggregation from White River Junction, which had twice gone down to defeat before the locals. The score stood 7 to 3 in the last half of the ninth inning, when the game was called by mutual agreement, on account of the increasing darkness. Had the game continued, the Athletics might have won out by a narrow margin, as they had already scored three runs with a man on third and no men down.

Lee started the game for Barre, but the Junction swarmsmen chased him from the mound in the fourth, and he was replaced by Scampini in the fifth. The latter seemed to have a shade the better on his predecessor. Daly did the honors for the visitors and pitched a consistent game.

Barre started something in the first round. Scampini was safe at first on Haggie's error, went to third on Lee's single into center, and scored when P. Van Dyke booted R. Wright's grounder. One followed in the seventh, when L. Wright was safe on Haggie's miscue, stole second, went to third on R. Van Dyke's error and scored after Gabeloni's long fly into center. In the eighth, James Grigg drew a pass, stole second and crossed the pan on Johnson's single into center.

The visitors scored their first three runs in the third, when a single by Campbell, a sacrifice, and two two-baggers by Daly and P. Van Dyke brought in the tallies. A pair followed in the fourth on safe ones by Campbell and W. Dudley and miscues by L. Wright at short. C. Dudley tallied, as did Daly, in the eighth on three singles, an error by R. Wright and a wild throw.

In their half of the ninth, the visitors scored one run, while the Barre team came back with three in the last half. As the game was called off by the umpire before the end of the inning, the score reverted to its standing at the end of the eighth inning, 7 to 3. The score:—

White River Junction.	ab r h po a e
Campbell, c	5 1 2 6 1 0
C. Dudley, 1 f	4 1 0 3 1 0

Bases on balls, off Scampini, off Daly 3; two-base hits, Daly, P. Van Dyke; three-base hit, R. Van Dyke; struck out, by Lee 3, by Scampini, by Daly 3; pressed ball, Campbell; left on bases, Barre 8, White River Junction 8; umpire, Nelson; time, 1:50.

Notes on the Game.

The series stands two to one in favor of the locals.

L. Wright made a pretty throw to first in the ninth, catching Cullen.

"Cap" Lee made good with the stick, if he couldn't puzzle the visitors while in the box.

Gabeloni's long swat in the ninth looked like a homer.

C. Dudley figured in three put-outs in left field. He is also credited with one assist.

Campbell's work behind the bat helped the visitors in winning.

After scrambling over a crowd of youthful fans, Fowle managed to pull down Jones' foul in the fifth. It was one of the features.

Grigg made a big-league pick-up of Jones' grounder in the second.

Things were breaking bad for Haggie in yesterday's game.

The management would do well to turn the games at the hour advertised, the number of people who left the grounds as night fell proved that twilight games are not popular with the local fans.

The Barre team will line up against the strong St. Albans Independents tomorrow afternoon, with Hatch in the box for the visitors.

Don't Be Harsh

With your bowels. Avoid strong physics. Use the mild, effective, easy-to-take, easy-to-operate medicine.

Hood's Pills

They never weaken but have tonic as well as cathartic effect. 25c a box.

Yesterday's National League Results.

At Cincinnati, Cincinnati 4, Pittsburgh 1.

National League Standing.			
	Won.	Lost.	Pct.
Chicago	80	37	.684
Pittsburgh	69	47	.595
New York	67	48	.583
Cincinnati	61	50	.550
Philadelphia	59	50	.500
St. Louis	48	71	.403
Brooklyn	44	72	.379
Boston	47	78	.365

All American league games postponed.

Diamond Scintillations.

In the Connecticut league, New Haven has won 11 straight games. It has also won 12 out of the 18 games with New Britain.

Baltimore gets Cy Seymour for \$750. A few years ago Cincinnati sold him to the Giants for \$10,000.

President Robinson of the St. Louis Cardinals is crying for a big shake-up in the National league umpiring staff.

Pitcher Marquand, the expensive New York toy, announces that he has secured control of the delivery that made him a wonder with Indianapolis.

Tommy Leach of Pittsburgh is of the opinion that the excess of stolen bases in the American league, as compared with the National league, is due to inferior catchers in the junior league.

Altoona has the pennant clinched in the Tri-state league.

Lajole hits best in cold weather. Detroit critics are urging Ty Cobb to boost his batting average during dog days. Otherwise the Georgia peach will be passed by the Frenchman in the home stretch for that automobile.

Twenty-eight consecutive failures to win a pennant. That is the record of the Phillies in the National league, and that stands as a world's record.

GO UNDER STATE CONTROL.

New York Service Board to Rule Phones and Telegraphs.

Albany, N. Y., Sept. 2.—The public service commission, 2d district, takes jurisdiction over the operations of telephone and telegraph companies operating in New York state to-day.

Telephone and telegraph companies are required to give adequate service at reasonable rates, and discrimination in favor of any persons or corporation and in giving any unreasonable preference of any kind is prohibited. No free or reduced service of free pass or frank can be given, except to the employees of the corporation and their families and persons engaged in certain lines of charitable work.

Complaints may be made to the commission by any person or corporation aggrieved as to rates, rentals and service by petition or complaint. The commission may also upon its own motion, make inquiry upon actions of telephone or telegraph corporations. The commission has power to order necessary repairs and changes.

Edward B. Rogers of Elmira, a telephone man of 23 years' experience, has been appointed chief of the division of telephones and telegraphs.

ANOTHER FASTER DEAD.

Only One of Four Who Starved Themselves Alive.

Los Angeles, Cal., Sept. 2.—Mrs. Nellie Boyce, one of the four holy rollers, who entered upon a fast that lasted 38 days before it was interrupted by the police, died at the county hospital Wednesday of starvation.

Two others, John Irving O'Neil and Alcee Griffin, a 16-year-old girl, died some days ago. James Butler is the only survivor.

TIZ—For Sore Feet

Tired, Aching, Swollen, Smelly, Sweaty Feet? Corns, Callouses or Bunions? Use TIZ. It's Sure, Quick and Certain.

You Will Enjoy Using TIZ. The Most Pleasant Remedy You Ever Tried and, Moreover, It Works.

At last here is instant relief and a lasting permanent remedy for sore feet. No more tired feet. No more aching feet. No more swollen, bad smelling, sweaty feet. No more corns. No more bunions. No more callouses, no matter what ails your feet or what under the sun you've tried without getting relief, just use TIZ.

TIZ is totally unlike anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25c per box, or direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

CITY WELCOMES THE BIRD MEN

Boston Notes the Arrival of Noted Aviators

FOR WEEK'S CONTESTS

Wilbur Wright, Johnstone, Brookins, Grahame-White and Roe Came Yesterday—Events Begin To-morrow.

Boston, Sept. 2.—Claude Grahame-White and Roe, both of England, two of the foreign aviators who will participate in the Harvard-Boston aviation meet at Atlantic, Sept. 3-13, arrived yesterday on the steamer Cydrie from Liverpool. Grahame-White was a competitor of Paulhan in the flight from London to Manchester, England, a distance of 186 miles. He will use a Farman biplane. Roe will contest every event in the coming meet in two triplanes, the only tri-planes in existence.

Wilbur Wright and his two aviators, Johnstone and Brookins, arrived in this city yesterday and immediately left for the aviation field at Atlantic, to oversee the assembling of their machines.

So enthusiastic was Mr. Wright over his new machine that, although Johnstone has been listed to operate the new model, he himself may make a flight during the meet.

The officers of the 43d regiment of infantry, of Ottawa, yesterday accepted an invitation to attend the opening day of the meet Saturday. As the guests of the executive committee, the officers will go to Atlantic in automobiles. Special seats will be reserved for them in the grand stand.

Two late entries were received at the headquarters yesterday. The first was from Stanley Y. Beach, who will operate a Blériot monoplane machine. This machine is equipped with a gyroscope, which registers the stability of the machine. This is the first machine ever equipped with a gyroscope. The other late entry was that of H. Rietmann, who will operate a Helicopter, the only machine of its style in existence.

Major George O. Squire, acting chief of the signal corps of the army, has been designated as the representative of the army, to attend the Harvard-Boston aero meet, to be held Sept. 3-13, according to a dispatch from Washington yesterday.

STRANGE AIRCRAFT A KITE.

New York "Aviators" Send It Up Again and String Breaks.

New York, Sept. 2.—The mysterious "aeroplane" that interested thousands in the vicinity of Madison square Tuesday night by its dashing flight over the Metropolitan tower and Flatiron building made another flight Wednesday night, but the string broke, and anyone who finds a home-made, motorless and rudderless "monoplane," with about 500 yards of twine attached to it, will confer a favor by returning it to C. L. Bennett, at 204 East Twenty-first street.

Mr. Bennett and O. C. Champion were the daring "aviators" who succeeded in mystifying the populace. From the vantage of the roof of 204 East Twenty-first street, they sent up their airship Tuesday night to as high and distant a point as their 2,500 feet of twine would admit.

This "airship" is a three-stick kite, five feet nine inches in height and four feet nine inches wide. Its "lights" consisted of three Japanese lanterns. Messrs. Bennett and Champion are highly gratified at the public attention paid their first efforts in "aviation" and propose another "flight" at an early date.

BOSTON'S DARK DAY.

Conditions of Night Prevailed in the Early Afternoon.

Boston, Sept. 2.—Darkness settled over this city yesterday and by early afternoon night-like conditions prevailed. Lights were turned on everywhere. A heavy mist fell all day, developing at times into brisk showers. The humidity was intense, and there was little life to the southerly wind. From the abnormally cold weather and the clear skies of the last days of August, the change was marked, and altogether Bostonians had a most uncomfortable first of September.

CLEVELAND ESTATE \$39,650.

Most of It Goes to His Widow and Children.

New York, Sept. 2.—A gross valuation of the estate of the late Grover Cleveland in New York was filed with the surrogate yesterday, showing \$39,650. Less taxes, commissions, etc., the residue is \$32,375, the bulk of which goes to the widow and children.

Rather than make public the full value of the estate here and elsewhere, the executors chose to pay five per cent. on the collateral bequests and forego the reduction allowed when a full accounting is made.

Copyright Hart Schaffner & Marx

Ever Felt the 'Feel' of a Hart Schaffner & Marx Suit?

Do you like a shoe that fits some places and pinches some other places? Not much! The pinch takes all the pleasure from the fit. Just the same with clothes. The average suit is thrown together in such a way that, even though it may look fairly well at first, it can't stay. Some place gets out of shape—then it's uncomfortable.

Hart Schaffner & Marx are made right; that's why they have that always-feel-good quality every wearer likes.

\$18 to \$30

MOORE & OWENS,

Barre's Leading Clothiers, 122 No. Main St., Barre, Vt.

MAYOR BLAMED FOR LYNCHING.

Grand Jury Says He Might Have Prevented Outrage in Newark, O.

Newark, Ohio, Sept. 2.—In a final report made yesterday, the Licking county grand jury places the responsibility for the lynching of "dry" detective Carl Etherington, on July 8, on the mayor of Newark, sheriff of Licking county and chief of police of Newark, all of whom have since resigned or been deposed. The report says that had these officials acted with reasonable diligence, the riot and lynching could have been prevented. A total of fifty-eight indictments was returned by the grand jury in the twenty-seven days of its sitting, all in connection with the lynching. Of these twenty-five charged alleged rioters with murder in the first degree, twenty-one are accused of rioting, ten with assault and two with perjury.

WHISKEY IS HIGHER.

Advance of Three Cents a Gallon Made in Cincinnati.

Cincinnati, Ohio, Sept. 2.—Announcement was made at the chamber of commerce yesterday morning that the price of spirits has been advanced three cents on the gallon, making the basic price for the future \$1.33. The new price will affect other whiskey markets where distillers' finished goods are handled.

LORD KILMARNOCK SHOT.

Second Secretary in British Diplomatic Service Little Injured, However.

Aberdeen, Scotland, Sept. 2.—King George's shooting party at Balmoral was thrown into excitement yesterday when Lord Kilmarnock, second secretary in the British diplomatic service, received four pellets through the accidental

discharge of a gun. The secretary was not seriously injured.

For some time it was impossible to learn whose gun was responsible for the mishap, but later it developed that Captain Hood, one of the guests from a country house in the neighborhood, had fired the shot that wounded the diplomat. Lord Kilmarnock has practically recovered and was out shooting again yesterday afternoon.

SHOCK RECORDER IN LONDON.

Violent Disturbances Felt by the Seismographs There.

London, Sept. 2.—A violent earthquake was recorded by British seismographs at one o'clock yesterday morning. The first shock was followed by a series of less severe ones lasting for nearly an hour. The disturbance was at a point at a distance computed to be 3,800 miles.

TAXATION OF RAILROADS.

This Is One of Important Problems Before Milwaukee Convention.

Milwaukee, Sept. 2.—"Railroad Taxation Problems" and "Railroads as Tax payers," were two important subjects which occupied the attention of the delegates to the International Tax association convention Wednesday night. R. H. Shields, a member of the state tax commission of Michigan, said that if some method could be devised and applied whereby all railroads, and more especially interstate railroads, could be taxed upon the same general basis, one of the great railroad problems would be solved. Clement E. Robinson, clerk of the special tax commission of Portland, Me., during 1907-08, told of the tax legislation in his state during 1910.

WINCHESTER

CHEWING

PLUG

Something ENTIRELY NEW in Chewing Tobacco

Not Made By a Trust

Anything you put in your mouth ought to be clean. Other brands of Chewing Plug are packed and exposed for sale in porous wooden boxes.
